

PRODUCT SPECIFICATION SHEET

Mossrock Enviro Mulch

A non-screened recycled timber mulch made from hard wood and soft wood timbers ideal for large-scale landscape areas such as freeways.

SIZE

- Particle diameter varies 1mm-100mm
- Particle length varies 1mm-150mm.

MATERIALS

Mossrock Enviro Mulch is made using hardwood and softwood recycled timbers from:

- pallets
- packing crates
- new construction timbers and offcuts

RECOMMENDED USE

Mossrock Enviro Mulch our most economical and hardwearing mulch.

Typically used in planting and maintaining vegetation along highways and interchanges to improve visual appeal, mitigate noise and prevent erosion.

INSTALLATION

- Our mulch can be installed efficiently with our pneumatic blower equipment fleet.
