

PRODUCT SPECIFICATION SHEET

Lightweight Premium Planter Mix (LPPM)

Our Lightweight Premium Planter Mix is perfect for use in both internal and external garden beds within constructed/contained planters.

MATERIAL

Lightweight Premium Planter Mix is ideally suited to constructed landscapes where engineering weight limits must be considered in new and renovated commercial/residential developments.

TESTING

- Developed in consultation with industry recognised Soil Scientists
- Routinely retested to ensure:
 - compliance with the testing criteria
 - customers receive a consistent high-quality product.

INSTALLATION

- Our soil range can be installed efficiently using our pneumatic blower equipment fleet.
