

PRODUCT SPECIFICATION SHEET

Mossrock Soft Fall Mulch

Made from A-grade virgin pine wood and used as a protective surface material for playgrounds and recreational areas.

SIZE

- A predominately square chip product
- Particle width/length varies 2mm-40mm
- Particle thickness varies 2mm-15mm.

MATERIALS

- Sourced from pine sawmills throughout Victoria and New South Wales.

RECOMMENDED USE

Mossrock Soft Fall Mulch is specifically designed for use in playgrounds and recreational areas where fall protection is required.

Soft Fall Mulch provides cushioning and impact absorption from falls and reducing the risk of injuries.

STANDARDS

Soft Fall Mulch is tested to Australian Standards AS4422:2016 and AS4685.0.2017

INSTALLATION

- Our mulch range can be installed efficiently with our pneumatic blower equipment fleet.

CREATING GREENER FUTURES

move large volumes
10-50m³

blow material up
25 storeys

blow material across
200+ metres

application rate of
15-50m³/hr
