

Sentrient Training Program

Helping us build a safe, respectful, and compliant workplace

WHAT IS SENTRIENT?

An online training platform delivering short, role-specific modules to support:

- Workplace safety
- Respectful behaviour
- Compliance with laws and policies.

HOW IT WORKS

- Online & self-paced
- Device-friendly (PC/tablet/mobile)
- 15–30 minutes per module
- Automated reminders & certificate tracking.

WHY IT MATTERS

- Keeps our team and workplace safe
- Meets legal and industry requirements
- Reflects ecoDynamics' values of integrity, care, and accountability
- Supports your personal and professional development.

YOUR RESPONSIBILITY

- Complete training within set timeframes
- Follow up on reminders
- Keep your knowledge up to date.

TRAINING AT ECODYNAMICS

- Mandatory training ensures we stay compliant with industry standards, legislation, and safety requirements.
- Beyond compliance, ecoDynamics is committed to offering voluntary, opt-in training modules designed to expand your knowledge and support your professional growth. These optional modules are available for learning and development purposes only.
- Please note: as legislation and compliance requirements evolve, some modules may become mandatory in the future to ensure we continue meeting our legal and safety obligations.
